

SCREENING FOR ELEVATED BUILDINGS

LYSAGHT COLORSCREEN®

LYSAGHT

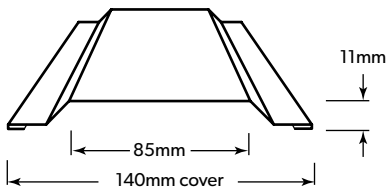

Colorbond®

LYSAGHT COLORSCREEN® IS A STYLISH NON-STRUCTURAL SCREEN

SUITABLE FOR ELEVATED HOMES, CABINS, GRANNY FLATS, MODULAR BUILDINGS AND OTHER RAISED STRUCTURES

- Promotes airflow beneath whilst screening the underside of a building
- Rot resistant and impervious to termite attack
- Pre-painted, strong and requires minimal maintenance
- Prevents people, animals and objects from going under a building
- Available in lengths of 3 metres and features folded edges to allow for safer handling*
- Available in the full standard COLORBOND® steel colour range

*When installed with appropriate personal protective equipment

Note: All dimensions shown are nominal.

The printed steel colours shown have been reproduced to represent actual colours as accurately as possible. We recommend checking your chosen colour against an actual product sample before purchasing as varying light conditions and print limitations affect colour tones. Products featured in this document may not be available in all COLORBOND® steel colours shown.
