LYSAGHT SLATSCREEN®
LYSAGHT LOUVRESCREEN®

STYLISH SCREENING FOR YOUR HOME

WHY CHOOSE LYSAGHT® SCREENING?

LYSAGHT® STEEL SCREENING PRODUCTS MADE FROM COLORBOND® STEEL ENHANCE THE GOOD LOOKS & PRIVACY OF YOUR HOME

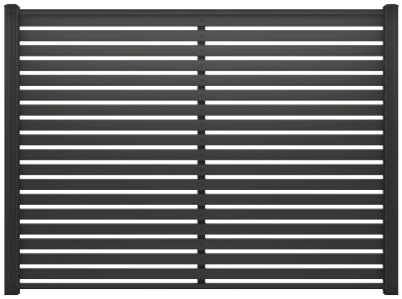
- Suitable as a standalone screen panel or as an infill to brick or rendered concrete posts
- Ideal for use to hide unsightly household utility items, such as bins & pool filters, from view
- Can be used as attractive feature panels on carports & patios
- Common componentry with other LYSAGHT® fencing to mix the appearance of your fence line
- Complements contemporary and traditional architecture
- Rot resistant & impervious to termite attack

YOUR SCREENING OPTIONS

LYSAGHT SLATSCREEN®

With its pleasing horizontal dynamic and delightful, semi-open design which keeps the world at bay while letting light and airflow in, LYSAGHT SLATSCREEN® provides privacy and security in an exceptionally stylish and desirable fashion.

You can choose to have a 10mm, 20mm or 30mm gap between each slat depending on whether you're seeking a more open aesthetic or the more 'solid' appearance of closely spaced slats.



LYSAGHT LOUVRESCREEN®

While delivering a similarly striking visual, LYSAGHT LOUVRESCREEN® offers an angled slat dimension which continues to allow airflow and light through the screening.

The slat angle and spacing is fixed and has been thoughtfully set at a measure which allows more privacy whilst ensuring light and airflow continue to pass freely through the screen.
